about our graduate education programs.*

"The cohort was a critical model for my doctoral program and why I chose Immaculata. I looked for a Catholic institution to integrate faith into practical application for the industry of education. The opportunity allowed me flexibility as a working professional. The cohort works together, gets to know one another through mission of the heart and celebrates successes while supporting one another in moments of need. They are my family!"

BROOKE C. TESCHE, Ed.D. '12

*Superintendent of Secondary Schools
& Schools of Special Education
Archdiocese of Philadelphia*
