- Teach middle school science classes (grades 6–8) from 8:00 – 11:30 AM with a designated planning period

- Plan and deliver engaging science lessons aligned with curriculum standards

- Differentiate instruction to support a variety of learning styles and academic needs

- Integrate hands-on experiments, technology, and real-world applications into science instruction

- Monitor and assess student progress, providing timely and constructive feedback

- Collaborate with faculty, staff, and parents to support student development

- Participate in professional development and occasional school-wide events

- Uphold and model Catholic values and contribute positively to the school community

Qualifications:

- Bachelor's degree in Education, Science, or related field

- State teaching certification (or eligibility) in Science or Elementary/Middle Education

- Prior teaching experience at the middle school level preferred

- Strong classroom management, communication, and organizational skills

- Passion for science education and a commitment to fostering student curiosity and growth

- Ability to work collaboratively in a faith-based school environment

Compensation:

- Part-time position with competitive pay commensurate with experience

- Position is not benefits-eligible
